

20th November 2017

Dear Parents and Guardians,

In Year 3 this term we are studying volcanoes. We will be looking at how they are formed, where they are located and the effects they have on the environment.

As part of this project, the children will also get an opportunity to build their own volcanoes (in small groups) and then make them erupt. To help with this, please can I ask that you keep hold of any unwanted newspapers which we will use for the papier maché. Also, if you could hold onto any 1 or 2 litre plastic bottles (generic fizzy pop bottle shape would be ideal) then that would be fantastic. If the children could bring these items into school for this Friday that would be great.

To celebrate our work, we would then like to invite you to Year 3 to see what we have done and also witness the live eruptions of their volcanoes from 2.00pm on Thursday 7th December. If you are able to attend, please fill out the slip below and make it clear how many adults will be attending (maximum two adults per child please).

Yours sincerely,

Mr M Walding
Year 3

Year 3
Volcanoes
Thursday 7th December

Name of Child _____

The number of adults attending the volcano afternoon on Thursday 7th December will be _____

Signed _____ Parent/Guardian with legal responsibility.
